

# BCA ARCHITECTS ANNOUNCES NEW ASSOCIATE PRINCIPAL

*In alignment with BCA Architects' steady growth in the K-12 education markets throughout Southern California and statewide, we are continuing to expand the firm's leadership to support these efforts.*

**Orange County, CA**—BCA Architects is honored to promote Michael Henning, AIA, LEED® AP, to Associate Principal in recognition of his dedication and contribution to BCA's operations. He has been instrumental in leading BCA's Southern California educational market over the past six years. With this new credential, Michael will continue managing projects from start to finish, and will expand his participation in business development efforts and corporate initiatives.

*“I am extremely honored to be given the opportunity as Associate Principal ... to work together with all the BCA Team to create great, innovative architectural solutions to meet our clients' expectations.”*

BCA Architects' Chief Executive Officer, Paul Bunton, offered the following remarks, ***“Our clients love and appreciate Michael for the outstanding professional that he is.”***

Henning's portfolio with BCA Architects includes the complete reconstruction of Lincoln Elementary School and Marshall Elementary School in the Anaheim City School District, each campus boasting more than 100,000 square feet and a construction value of roughly \$30 million. Also completed with this District was a new classroom wing at Thomas Edison Elementary School and the major renovation of Clara Barton Elementary School. Additional signature projects Michael has participated in include the implementation of Buena Park School District's \$71 million bond program, the Fanning Elementary School Modernization for the Brea Olinda Unified School District and the \$5.2 million Long Beach City College Nursing Technology Building Modernization, which was completed in 2016. His most recent undertaking is the new Performing Arts Center at Pioneer Valley High School in Santa Maria, CA, which will be completed this May. Michael will then transition to project implementation of Huntington Beach City School District's \$160 million bond program.

Marshall Elementary School | Anaheim City School District

Henning is immensely proud of his association with BCA Architects and looks forward to his expanded role, ***"I am extremely honored to be given the opportunity as Associate Principal to work in closer collaboration with the talented leadership at BCA while continuing to mentor and work together with the entire BCA Team to create great, innovative architectural solutions that surpass our clients' expectations."***

A California registered architect with 45+ years of experience, Henning is also a LEED Accredited Professional with the U.S. Green Building Council. He achieved a Bachelor of Architecture from Ohio State University and a Master of Science, Psychology degree from National University. Additionally, Henning gives back to the community by volunteering with local school districts to mentor students about architecture.

BCA Architects is headquartered in San Jose, with additional offices in Sacramento, Orange County and Los Angeles. The firm has extensive experience in the planning, programming and design of California public and private school, civic and commercial projects. Designing K-12 education facilities is the core of their business and has been since the firm's founding in 1989. BCA brings expertise in collaborating with education clients to realize their facilities goals through the creation of state-of-the-art and contemporary learning, social and administrative environments. The company's civic and commercial portfolio consists of interior architecture, tenant improvements and space planning solutions for workplace, recreational, retail, dining/restaurant and medical office environments.
